BILATERAL MEETINGS

Wednesday (10:00am - 12:00pm)

Wednesday (2:00pm - 4:00pm)

Wednesday (4:00pm - 6:00pm)

Thursday (10:00am - 12:00pm)

Thursday (4:00pm - 6:00pm)

DESCRIPTION BreezoMeter's mission is to help cities to improve the health and quality of life of their citizens. Thanks to our air quality analysis platform, cities can map, track and predict air quality dispersion, including pollution sources. Because air quality changes during the course of the day far quicker than the weather, there are hours when the air is more polluted and some areas will be affected differently within a short period of time. BreezoMeter's innovative platform will keep gather all information regarding air quality in a city in real time, analyze it and then make meaningful conclusions down to the street level air quality resolution.

ORGANIZATION TYPE Company

ORGANIZATION SIZE No, I have already an entry pass

AREAS OF ACTIVITIES TECHNOLOGY

1. city platform
2. sensors
3. Internet of things cloud
4. big data

5. data analysis

SUSTAINABLE CITY

1. liveable cities
2. urban redevelopment

Offer

AIR QUALITY COMMAND AND CONTROL INTEGRATION INTO SYSTEM PROVIDERS

Air Quality Command and Control integration into system providers for Smart Cities platforms.

Offer & Request

AIR QUALITY CONTROL PLATFORM FOR SMART CITIES

Thanks to our air quality analysis platform, cities can map, track and predict air quality dispersion, including pollution sources. Because air quality changes during the course of the day far quicker than the weather, there are hours when the air is more polluted and some areas will be affected differently within a short period of time. BreezoMeter's innovative platform will keep gather all information regarding air quality in a city in real time, analyze it and then make meaningful conclusions down to the street level air quality resolution.

BreezoMeter is aiming to create partnerships with strategic partners, potential leading customers, system integrators and smart city contractors in target markets.

Target businesses:

municipalities, integrators, distributors, telecom, Institutions
