Description

Xifring is an IT and embedded systems consulting company created 10 years ago in Barcelona, composed by a team of dynamic engineers that will provide you a personalized and reliable service like if we were part of your business. Our services seek to innovate and make the technological difficulties into solutions to the current needs to achieve your goals for the future achievements. As specialists and partners of Microsoft Azure, we help to migrate and consolidate your business in the cloud. We have expertise on embedded systems design specialized on Internet of Things (IoT).
