Director, R&D

Namoo Inc.

Bilateral Meetings

- Wednesday (10:00am - 12:00pm)
- Wednesday (12:00pm - 2:00pm)
- Wednesday (2:00pm - 4:00pm)
- Wednesday (4:00pm - 6:00pm)
- Thursday (10:00am - 12:00pm)
- Thursday (12:00pm - 2:00pm)
- Thursday (2:00pm - 4:00pm)

Description

- Smart LED Controller, which “twist and locks” into the LED Cobra Head through the NEMA 5/7 pin receptacle, transforms conventional LED light fixture into IoT node with wireless communication capabilities, on which to build not only sensor-based LED control but also a host of such Smart City Services as public safety/security, City air/noise/pollution maps, Accident detection, Situational awareness and asset management.

Organization Type

Company

Organization Size

No, I have already an entry pass

Areas of Activities

SMART SOCIETY

1. Citizen services
2. liveable city

TECHNOLOGY

1. Services integration
2. city platform
3. sensors
4. public safety

SUSTAINABLE CITY

1. green building
2. water & waste management

Offer & Request

Smart LED Wireless Control Node, Local partner/distributor

- Equipped with GPS, ambient light sensor, noise sensor, vibration sensor and power meter, the Node provides LED dimming control as well as on/off services.
- It offers incident/accident detection services i.e. traffic accident, basic gunshot detection and panic button for public safety.
- Integrated with CCTV cameras, it could be configured to monitor traffic flows.
- Its sensory data could be integrated with city operation and asset management system to help improve city operation and maintenance.
