- Thursday (2:00pm - 4:00pm)

Description

Cornerstones Technology is a leading company in IoT and Real-time Data Analytics, specialized in Smart Evacuation System. We built core competency on Safety Intelligence by integrating 13 IoT and digital technologies onto evacuation stations, Low-powered wireless sensors network, and intelligent rule engine using IoT data analytics. We also provide adaptive evacuation stations, real-time safety operation services based on an integrated smart evacuation system with advanced data processing.

Areas of Activities

SMART SOCIETY

1. Citizen services
2. social innovation
3. liveable city
4. entrepreneurship
5. social well-being

TECHNOLOGY

1. Services integration
2. sensors
3. Internet of things cloud

4. big data
5. data analysis
6. security
7. public safety
8. emergencies

SUSTAINABLE CITY

1. liveable cities
2. city strategy
3. sustainability

Offer & Request

Smart Evacuation System & Evacuation Station

- Smart Agent System delivers Safety Intelligence by integrating IoT and real-time data analytics. It consists of Service Rule Engine, IoT Stations, Networking Coordinator and Evacuation Control Software that analyzes situational context providing evacuation intelligence instantly.

- Evacuation Station provides voice guidance adaptive to events and real-time situation based on preset guides for each emergency. (e.g. fire, terror, contamination) It is fully operational in the absence of wired power & network supply using ad-hoc networking.
