Request

### **Lupbak - looking for investment**

Lupbak is a frictionless mobile App that allows the user to read its Energy Consumption from his Energy Distributor web service (or any other source), compare it with the hourly Energy price, and receive some on-demand (push) or automated (pull) services based on them.

We are surveying investors interested to participate with seed capital within 3-6 months. Preferred investor profile is a small fund / business angel with previous experience and knowledge of the energy sector.
