Offer

Real-time, smart and social carpooling

Hupp reinvents urban mobility through real-time, smart and social carpooling. It seamlessly fits your habits to connect you with passengers and drivers in real-time, taking care of the who, when and where.

Cooperation Offered

1. Other

Offer

Partnership with cities

We want to develop a city-scale pilot to prove that instant, peer-to-peer carpooling can reduce traffic jams and quickly increase the city public transport offer, without any infrastructure.

Cooperation Offered

1. Technical co-operation
2. Other

Offer

Smart Mobility Solutions

Hupp turns cars into buses instantly expanding the public transport offer. For companies and governments this means less parking spots, less infrastructures, less pollution, less traffic and related expenses, less stress.
