Description
Cluster Andalucía Smart City is an alliance of andalusian private companies, local authorities and research institutions that work together to make cities smarter, by being efficient, sustainable and comfortable. This is achieved through cooperation among these entities, thus creating jobs and wealth in urban areas by means of rising business competitivity.
Our services are oriented to provide technical support:

1. Technical Office for R&D projects.
2. Advice on business opportunities, innovation, cooperative projects, grants, commercialization, internationalization.
3. Financing for the creation and improvement of products and services.
4. Business Identification of business opportunities and market niches.
5. Training on specialized information about the smart city sector.
6. Networking among companies interested in making business within the smart city sector.
7. Dissemination and promotion of products, services and solutions created by our members.
8. Representation and defense of the interests of the smart city sector before regulators and public administrations.

Cluster Andalucía Smart City is willing to cooperate in the framework of H2020 and COSME programs in such topics as: SCC1, ICT, internationalisation of SMEs, cluster cooperation, etc.
Andalucía Smart City's secretariat helps the group of partners with the development, financing and management of the projects. In this way, partners can concentrate on developing the best technical solutions.
Andalucía Smart City key numbers:- 120 members (mostly innovative SMEs)- Reinforced relations with several councils in Andalusia region, and with the Andalusian public Administration.
