Bilateral Meetings

- Wednesday (10:00am - 12:00pm)
- Wednesday (12:00pm - 2:00pm)
- Thursday (10:00am - 12:00pm)

Description

BENITO URBAN is a Spanish manufacturer of Smart Lighting Solutions, Site Furnishing and Playground elements along with Manhole Covers and grates, leader in the global Urban Equipment industry, with sales in more than 50 countries, a professional and dedicated team and the resources to assure a growing global presence.

BENITO URBAN pays special attention to quality, design and innovation. In terms of quality, the ISO 9001 certification awarded in 2001 was followed by specific homologations, quality and technical certifications for each individual product and in several countries. As for design and product development, **BENITO URBAN** has registered over 500 patents and is constantly focusing on new ways to innovate its products, materials and designs always keeping in line with the latest trends and adapting its products to meet end users' specific needs and behaviours. To this end, we collaborate with prominent architects and designers such as Rafael Moneo and Juan Navarro Baldeweg, among others.
