Bilateral Meetings

- Wednesday (12:00pm 2:00pm)
- Wednesday (2:00pm 4:00pm)
- Thursday (10:00am 12:00pm)
- Thursday (12:00pm 2:00pm)

Description

EV-Box was founded in the Netherlands in 2010. At that time, the market for electric vehicles (EVs) was still in its infancy. In the last five years, EV-Box has grown to become the market leader, with over 30,000 charging stations across the globe. The concept was clear: a charging station with fully modular construction ready to facilitate the explosion of the EV market, while simultaneously providing uncompromising quality and durability. As a technology leader, EV-Box is now the largest producer and supplier of charging stations for electric vehicles and related cloud-based services worldwide. The success of EV-Box can be attributed to our 100% focus on Electric vehicles, commitment to quality, continuous innovation and an unrelenting drive for client satisfaction.

Organization Type
Company
Organization Size
No, I have already an entry pass
Areas of Activities

TECHNOLOGY

1. Internet of things cloud

FNFRGY

- 1. zero carbon
- 2. efficiency
- 3. electricity

MOBILITY

1. Intelligent transport systems

- 2. public transportation
- 3. electric vehicle
- 4. alternatives energy sources
- 5. parking
- 6. car fleets
- 7. transport investments (Markets & Projects)

SUSTAINABLE CITY

- 1. Urban growth
- 2. sustainability

Offer

Charging Solutions for Electric Vehicles (EV)

We are looking for distributors and are interested in building relationships and partnerships

Cooperation Offered

- 1. Sales / Distribution
- 2. Technical co-operation
