

Aerospace Valley

EU Project manager

Aerospace valley

Bilateral Meetings

- Wednesday (10:00am - 12:00pm)
- Wednesday (12:00pm - 2:00pm)
- Wednesday (2:00pm - 4:00pm)
- Wednesday (4:00pm - 6:00pm)
- Thursday (10:00am - 12:00pm)

Description

Aerospace Valley is the coordinator of SATURN - Satellite applications for Urban Mobility -, a unique European initiative aiming at developing 5 innovative demonstrators to solve urban economies challenges. Based on European space technologies, these innovations are easily adaptable to the context of all European cities. Aerospace Valley cluster is the international leader for Aerospace, Space-based services and embedded systems. With more than 900 entities actively member in the cluster life, Aerospace Valley fosters the emergence of innovative solutions in answer to the challenges of Urban economies.

Areas of Activities

SMART SOCIETY

1. social innovation
2. education
3. entrepreneurship
4. aging city
5. social well-being

TECHNOLOGY

1. Services integration
2. city platform
3. sensors
4. Internet of things cloud

5. big data
6. apps
7. geo information
8. data analysis
9. high technology
10. high technology

GOVERNANCE

1. PPP
2. funding
3. economic development
4. entrepreneurship
5. involvement, partnerships collaboration
6. procurement

ENERGY

1. Climate change
2. renewables
3. grid architecture
4. management
5. ICT

MOBILITY

1. Intelligent transport systems
2. mobility on demand
3. pedestrians
4. urban cycling
5. public transportation
6. service integration
7. community
8. parking
9. transport investments (Markets & Projects)

SUSTAINABLE CITY

1. Urban growth
2. liveable cities
3. water & waste management

4. urban redevelopment

5. city strategy

Offer

SATURN: Space-based services for urban mobility

- a Geoinformation platform for mobility purpose
- an innovative tool for transport policy support
- a space-based road infrastructure monitoring system
- an HGV urban logistics mobile application
- a drone for road monitoring

Cooperation Offered

1. Technical co-operation
