Bilateral Meetings

- Wednesday (2:00pm - 4:00pm)
- Thursday (10:00am - 12:00pm)

Description
ITEA is the EUREKA Cluster programme supporting innovative, industry-driven, pre-competitive R&D projects in the area of Software-intensive Systems & Services (SiSS). SiSS are a key driver of innovation in Europe's most competitive industries, such as automotive, communications, healthcare and aerospace. ITEA supports companies and innovators to develop new partnerships, to get new customers and to develop new markets and to develop new products and technologies in international, collaborative and industry-driven R&D projects with a focus on results. The scope of ITEA is Software-intensive Systems and Services, with projects in application domains like Smart cities, Mobility, Healthcare and well-being, Sustainability, Safety and security and Smart industry.
