BCN Drone Center & CATUAV

Bilateral Meetings

- Thursday (10:00am - 12:00pm)
- Thursday (12:00pm - 2:00pm)
- Thursday (2:00pm - 4:00pm)
- Thursday (4:00pm - 6:00pm)

Description

BCN Drone Center is a Test Site for the development and testing of unmanned aerial vehicles (UAV). It counts with an official segregated airspace of 2500ha and a bioclimatic and sustainable building equipped with ground control station, workshop, office, meeting room and hangar. The airfield counts with a runway, helipad and experimental geodesic targets. The Center is placed in a rural and peaceful setting in the Barcelona Area. BCN Drone Center is also a UAV knowledge hub. It gathers distinguished international professionals from different fields of expertise to share their knowledge in practical and hands-on courses. At the time, researchers, entrepreneurs and administrations from more than 50 different nationalities assisted to these workshops to learn more about this cutting-edge technology. 15 years in the civilian Drone market being one of the first movers in the world.

5. geo information
6. data analysis
7. high technology
8. high technology

9. security
10. public safety
11. emergencies

GOVERNANCE

1. entrepreneurship
2. involvement, partnerships collaboration

ENERGY

1. Climate change
2. renewables
3. efficiency
4. electricity

MOBILITY

1. Intelligent transport systems

SUSTAINABLE CITY

1. green building
2. architecture
3. water & waste management
4. city strategy
5. sustainability

Offer

Drones Test Site & Workshop

BCN Drone Center hosts key and unique courses to participants from around the world. Global experts and companies are invited to share their knowledge in multiple cutting-edge use-cases. The venue is placed in an incomparable and strategic spot: inside their own official segregated airspace. This fact brings a strong practical and hands-on component to the courses.

Up to this point, 8 editions have been succesfully hosted, with hundreds of participants from 50 different nationalities.
