- Thursday (4:00pm - 6:00pm)

Description

Technology-based start-up founded in Barcelona (Spain) with co-funding from the Spanish Ministry of Industry and Energy through the CDTI. We have a new technology based electronic system for detection and digital image processing to achieve multi-touch interactive surfaces and collaborative (more than 50 simultaneous detection points). Our main product is Multitouching surfaces that can overcome the potential of existing phones or tablets very small size. The company currently sells its products in several markets such as: museums, restaurants, industry, leisure, eHealth, etc.
